● "Sincerity is the way of Heaven."

The "Ten" in our company name "Fujitsu-ten" means heavenly, in the sense of ultimate or supreme. The character that means "heaven" has been our trademark since the company was first known as Kawanishi Machine Works and then later as Kobe Industries. We have always followed the ideal that "Sincerity is the way of Heaven," as stated in the classic Confucian text "The Doctrine of the Mean."
